M.Sc. Artificial Intelligence

Program Structure

Program Structure

- **General structure of the master program in AI**
 - **Electives [50 ECTS]:** The electives are dedicated to academic research around artificial intelligence and its methodologies as well as offering every student the opportunity to sharpen their individual profile. The electives are centred around the three central pillars of the AI master's programme: **Symbolic AI; Subsymbolic AI; AI Systems and Applications**
 - Students will have to take a total of 50 ECTS credits worth of elective courses, with at least 10 ECTS from each of the central pillars.
 - **Projects [10+10 / 10+5+5 ECTS]:** The required projects are intended to test students' acquired technical knowledge, research merit and self-organisation skills.
 - Both projects have to be associated with one of the central pillars discussed above and cannot both be associated with the same pillar.

Program Structure

- **General structure of the master program in AI**
 - **Seminar [5 ECTS]:** The seminar will allow students to connect with a topic complex of their choice and research and interact with academic information and present their findings to a relevant audience.
 - **Minor [15 ECTS]:** Students will choose 15 ECTS credits worth of courses that have a connection to artificial intelligence (but are not already included in the electives). The goal is to work on connecting the gained knowledge to a broad array of subjects. They may form the basis for applications in future employment.
 - **Master's Thesis [30 ECTS]:** The master's thesis can be registered at the registrar's office as soon as the student has successfully collected 60 ECTS credits. It has to be completed within six months after the registration. An oral presentation of the results of about 30 minutes as well as a consecutive discussion are obligatory.

Keep in mind – some
courses might be offered in
German and/or English!

Types of Courses

- V/L: Vorlesung/lecture – generally no registration, attendance not mandatory
- Ü/E: Übung/Tutorium; exercise class/tutorial – usually start in the 2nd week, further details in the 1st lecture, attendance usually not mandatory
- P: Praktikum/Practical course (lab course) – attendance mandatory, early registration (see Campo)
- S: Seminar – attendance mandatory, early registration (see Campo)

Types of exams/course achievement

- **Prüfungsleistung (PL)/Graded course achievement (gCA)**
 - schriftlich [written]
 - mündlich [oral]
 - Seminar (presentation and paper)

- **Studienleistung (SL)/Ungraded course achievement (uCA)**

 - Hochschulpraktikum/academic laboratory
 - Forschungspraktikum/research laboratory

M.Sc. Artificial Intelligence

General Information

What is “ECTS”?

- ***European Credit Transfer and Accumulation System***
 Student workload required for the learning outcomes of a program
 - 30 credits: **recommended** workload per semester
 - 1 credit: ≈ 25-30 working hours (attendance-based learning + self study!)

- You will find information on ECTS in the module catalogs, in the online information system Campo, on your Master’s certificate/Transcript of Records

Semesters & Exams

- Regular duration of studies: 4 semesters/two years
(can be extended to 5 by re-registering + paying the fee)
- Semester: lecture period (14/15 weeks) + lecture-free period (\approx 12 weeks)
- Two exam periods: first 2 weeks and last 3 weeks
of the lecture-free period (“holidays”)
- Failing an exam: 2nd + 3rd chance in the following two semesters (mandatory registration)
– exception: conditional subjects/“Auflagen” (max. 2 chances, i.e. 1 year!)
- You can/must only take exams if you register for them.
- **Withdrawal** from registered exams: until 3 working days (Mon – Fri) before the exam
without a reason – or later in case of illness/severe reasons (medical/other certificate)

Semesters & Exams

Summer Semester 2023 (April 1, 2023 – September 30, 2023):

Lecture Period: **April 17, 2023 – July 21, 2023**

Exam Registration: **tba**

Re-Registration for SS 23: **July 1-8, 2023**

Semester break (lecture-free): **July 22, - October 15, 2023**

Exams: **August & September**

www.fau.eu/study/current-students/semester-dates/

<https://www.fau.eu/education/study-organisation/re-registration/>

Conditional Subjects/“Auflagen”

- **Must be passed within one year**

Otherwise, they will prevent successful re-registration for the 3rd semester. **No exceptions!**

- **After successful completion of conditional subjects:**
Actively inform Mrs. Barthelmann (Examinations Office)!
- **Examination results of the 2nd semester might be published late.**
If this is the case, contact your lecturer to get the results faster.

Foreign Language Training

Sprachenzentrum (Language Center), Bismarckstraße 1; www.sz.fau.de

- Courses during the lecture period are **free of cost**.
- Intensive courses (with a fee) during the semester break
- **Registration** is required for all courses.
- Registration for **German courses**: online (+ in person; **open as of now**); **highly recommended for internships & future job!**
- Recommended languages to prepare for studying abroad:
e.g. English, Spanish, Portuguese

Many of you will want to stay in Germany ...

Visa and late arrival

The programme allows student to arrive at the university until mid-May.

Please note that FAU is not an online university, some modules might be taught / streamed via zoom.

Please make sure not to miss the exams of your first semester.

As soon as it is clear that you will “miss” the first semester, please make sure to cancel your enrollment and defer your admission to the winter semester.
