Career Service

Advice and information about starting a career

The Career Service is part of the [Student Advice Center at FAU](#). We provide advice to students and doctoral candidates of our university about working while studying and starting and planning a career. At the same time, we are also the point of contact for FAU graduates up to one year after graduation.

The services we offer include career guidance [job application training and seminars](#), [as well as presentations and information on specific careers](#). To get an initial overview, we recommend watching our [video tutorials about job application documents](#).

During individual consultations, we can help you with any questions you may have and give you some advice for the first steps of your career. Our consultations take place during and outside the lecture period. To make an appointment, [get in touch via our contact form](#).

The [Career Service in Nuremberg](#) is responsible for all students at the School of Business, Economics and Society (FAU WiSo).

The logo for Career Service, featuring the words 'Career Service' in a large, white, sans-serif font. To the right of the text is a small graphic consisting of five colored squares (green, grey, orange, blue, red) arranged in a 2x3 grid with the bottom-right square missing.
